

THE HAMLIN HERALD

IN 36th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, SEPTEMBER 5, 1941

NUMBER 45

This Is Cotton Week All Over The Hamlin Country

No question is so vital as COTTON in this Hamlin section of Texas.

People who have traveled extensively say the cotton outlook in this County and surrounding counties is better than anywhere else in Texas.

So it is appropriate to say, "This is COTTON WEEK around Hamlin."

An inspection over Jones County Monday reveals extensive activity.

There is a Pest War going on, and the front line extends down every row in this whole cotton area. It would seem that it must be war to make any cotton this season. Day and night the poisoning goes on, some by tractors, cultivators, aeroplanes, and yet there is no real peril from pests. The leaf worm is perhaps the most extensive, while in some fields plenty of weevil evidence is present. There are not as many blooms as should be. But some of this is caused by the hot days preceding the last rains. Almost all cotton is beginning to re-form and if the weevil and leaf worm do not stop it, there will be growth and production till frost.

ALL GINS AND COTTON

CONCERNS READY

An inspection of the gins warehouses, compresses, and oil mills, whose sum total of business means the first step towards carrying the cotton from the farm to the spinners, reveals that there is more than usual pride in clean up and fix up for the season.

HAMLIN'S COMPRESS shows extensive activity. R. H. McCurdy, Manager, has recently completed two more big storage houses, each to carry about 2,500 bales of uncompressed cotton. Also each of their several big houses has been connected by paved runways to permit the power transports to shuttle bales in any kind of weather.

HAMLIN COTTON OIL MILL, with Jim Moody as Manager, has been headquarters for poison the past few weeks, and they have had dozens of farmers each day clamoring for poison. This summer the Oil Mill has not been so busy making improvements as in other years owing to the fact that they did so much last year. Moody says seed will bring big money this year, and they are ready to take every ton they can buy.

THE PIONEER GIN AND COTTON CO. has been the center of unwanted attraction lately, due to the fact that a big warehouse near by burned and 1400 black cotton bales lay all around. But that feature is clearing up now, as it was sold and the buyers have been shipping it out. T. E. Harden, Manager and promoter of the Harden Storage, says he wishes he had his warehouse rebuilt now to store feeds if not cotton in this fall. That means the house will be rebuilt as soon as possible. The cotton fire delayed

*the Pioneer Gin from being ready when the first bales began to come in. In fact, the second and third bales for Hamlin were brought to the Pioneer by Roy Dillard, but because he did not get in on the first premium, his cotton was kept over to dry out. This will be ginned Friday or Saturday. Thad Harden says the gin force will not be much different from that of last year. T. E. heads the list with his son, Alford (Jack), as first Assistant Manager; his daughter, Mrs. Ineth Williams, chief bookkeeper; and the old stand bys, like Bill Smith, Van Huling, Mike Rines, and Ben Wilkerson will do the gin work. This is really a pioneer gin bunch.

NEINDA FARMERS GIN is considered in Hamlin Area and figures in all news about cotton in the Hamlin country. If one passes the Neinda Gin these days, he will see some of the most extensive improvements yet done this year in Jones County. Fleet Poe is manager and has built a new, very modern nearly fireproof 100 bale seed cotton storage house. It is modeled for speed, protection and comfort, and was badly needed. Also this Cooperative gin has rebuilt and relocated their seed house, put in a larger engine, doubling last season's power, built a near dust proof engine room, showers for the men, and a general clean up of this famous old gin location. Mr. Poe will be assisted this year by B. P. Tinnin, Bookkeeper and Cashier, Dick Jackson, assistant bookkeeper; W. D. Switzer, gin foreman; W. L. Maynard, Engineer; Vaden Lester, Suction Operator; G. W. Drummond Pressman; and Jesse Handcock, trucker and general useful man. The Neinda gin will be ready for new cotton in a few days.

HAMLIN FARMERS GIN has the honor of getting the First 1941 Bale ginned on Wednesday, August 27. Robert S. Johnson, the Manager, is really a cotton man, not only a ginner but a warehouseman too. Robert will be assisted by T. W. Fleniken, Bookkeeper; G. D. Rodgers, Engineer; with E. D. Jenkins, Elmer Stonesifer and Jack Gray, ginners. The Hamlin Farmers Gin handled their second bale, another from T. F. Campbell this week, and the third bale will be ginned this Friday morning from the same farmer. One of the most outstanding improvements from the outside the Hamlin Farmers Gin has made recently is surfacing their cotton yard with caliche. This will not only keep them out of the water and mud but will help Robert S. Johnson keep the weeds and grass cut.

THE FED H. BRITTON GIN is another pioneer and is owned by a pioneer gin, cotton warehouseman, stockman and City Councilman. Fed only claims to be owner, and turns his gin over to experienced fellows like Weldon Hudson as Manager, with Miss Ava Hudson as Chief Bookkeeper and Cashier. Jew-

Congressman Russell Visited In Hamlin

While the House of Representatives is on a thirty day recess, Congressman Sam Russell is visiting as many sections of his district as possible. He came up to Hamlin Wednesday to spend a short time with relatives, Mr. and Mrs. C. P. Chastain, and to have a few short chats with those he met.

One item on all tongues now is which of "three" will get Hamlin's Post Office. This will not likely be made known until after Mr. Russell returns to Washington.

School To Start At Wise Chapel Monday

Monday school will open at the Wise Chapel School. The faculty will be: N. H. Touchstone, principal; Mrs. Touchstone; and Mr. and Mrs. Jack Harley.

The Wise Chapel School is one of Jones County's best rural schools, a brick building, teacherage, electricity, and a new Butane Gas System.

City Golf Tourney Ended September 1

The Hamlin City Golf Tournament which has been in progress for more than three weeks, closed Monday, September 1st.

Charley Ballew, the new city champion, beat O. G. Harvey 2 up in the finals. Bert Pribble was the consolation winner.

Brad Rowland, winner of the first flight, beat Haskell Carter in the finals with Otis Hopper consolation winner.

In the second flight, Tate May won over Pat Marlowe in the finals.

Mr. and Mrs. G. E. Davis and little son, Charles Harrison of Belen, New Mexico, returned to their home Wednesday afternoon for a visit here with their parents, Mr. and Mrs. H. A. Eckler and Mr. and Mrs. E. C. Davis.

ell Beard is Fed's Ginner Foreman, while R. E. Gilbreath is Engineer, and Sam Jones handles the press work. The other hands are not yet revealed, however, they had better be there right away as several bales have already been unloaded and will be ginned this week end or early next week.

HAMLIN PLANTERS GIN has been ready for some time now with John D. Ferguson as Manager. John D. will have as his right hand man and Bookkeeper, Revis Robertson, who will guarantee everything to be kept straight and neat as a pin. John D. has not had orders from his boss yet to lay a coat of caliche over his gin yard but he started early and gave the grounds a good cultivation. Besides John D. and Revis, the others ready on the job are Louie Criswell, Ginner Foreman, and Elmo Bella, Chief Engineer. Others will be on hand next week. This is a bunch of old home boys who know everybody and ginning is what they have heard all their lives.

HAMLIN WAREHOUSES are not so full as in former months, but a big portion of the stored cotton in Jones county is located here. The Compress has the biggest bunch of houses, with Robert S. Johnson and others close second. Fed Britton, T. E. Harden and W. L. Boyd have big storage holdings here. McBride and Johnson, while residing in Hamlin, have extensive storage in nearby counties. Stanley and Art Carmichael ventured far out on the plains for their storage, but all their strings center in Hamlin.

Cotton forms the base for worlds of labor in this section of Texas. Labor is just starting when it is planted. It takes all kinds of labor to get cotton grown and ready for the spinners "away off somewhere". Give this country rain, and plenty of poison and watch the white bales roll in spite of the bugs.

B. L. Carriker Died Thursday, August 21

(From Rotan Advance)

Benjamin Louis Carriker, prominent stock farmer of Fisher and Kent counties for many years, died at the local hospital Thursday afternoon, August 21, after an illness of some time.

Funeral services were conducted at McCauley cemetery Friday afternoon, by Rev. Joe R. Mayes of Abilene, Baptist pastor, with Weathersbee funeral directors in charge.

Mr. Carriker leaves his widow and six children: Calvin and Coy of Royston; Mrs. H. F. Grindstaff of Rotan; Claud and May of Clairemont, and Bennie of Jayton. Also surviving are seven grandchildren, five brothers and three sisters, who are: Matt Carriker of Roby, Bill Carriker of Royston, Sam Carriker of Mountain Park, Okla.; Charlie Carriker of Sayre, Okla.; Cam Carriker of Holdenville, Okla.; Mrs. Susie Cowden of Wheeler; Mrs. Dolie Landtroop of Sayre, Okla.; Mrs. Jessie Miller of Messilla Park, N. M. All the children and grandchildren were here for the funeral. Three brothers and one sister were also present.

Mr. Carriker was born in Lafayette county, Mississippi, March 10, 1873. At the age of fifteen he went to the then Indian Territory and spent 19 years there. He then moved to Texas and settled at Royston, where he lived 17 years before moving to Kent County, where he had continued to reside.

On September 19, 1895, he was married to Miss Alice Irby. To this union nine children were born, three died in infancy.

Coming to this country he became a large land owner in the Royston country and held business property in Rotan and Hamlin. He acquired extensive land holdings in Kent and Stonewall counties and had other properties in other parts of Texas and Oklahoma.

NOTE:—The Carriker family has figured very much in the Hamlin and eastern part of Fisher Co. during the younger years of B. L. Carriker. He was for several years a director of one of Hamlin's banks and a fine jolly fellow. To know B. L. Carriker was to like him.

New Electrical Shop Opening In Hamlin

This week the Herald carries an announcement for Tom Vaughan's Electrical Shop. This private electrical shop in the hands of a well known Hamlin "boy" will be appreciated by all of Tom's friends. Tom has had a long experience in electrical material, and he is just getting now to his old job in business again for himself.

Mr. and Mrs. Tom York and daughter, Jerry, and son, Tommy, returned to their home in Waco on Tuesday, after a visit with Mrs. York's brother, Z. T. Wilson and family. They were accompanied to Waco by Ray Gillis of Omaha, Neb., who has also been a guest in the Wilson home.

TWINS BORN TO FORMER HAMLIN COUPLE

Mr. and Mrs. Herbert Kennedy, of Amarillo, are announcing the birth of twins, a boy and a girl, at their home in Amarillo, August 28. The boy, Dowling Ray, weighed 4 3-4 pounds, and the girl, Sharon Kay weighed 4 1/2 pounds. Both babies and their mother are reported to be doing nicely.

To cultivate kindness is a valuable part of the business of life.—Samuel Johnson.

WASHING AND GREASING CARS \$1.25 SHIPP'S SERVICE STATION

Fire Broke Out In James' Furniture

About 2:00 A.M. Tuesday neighbors of the Otto James Second Hand Furniture Store were awakened by a terrible smoke to find the store well started with a blaze that blackened it from one end to the other. This store stands almost across the street from the Post Office, and is located where a good spread of a wild blaze could reach over a wide area.

The fire boys were on the job in a jiffy and quicker than you'd believe had the dense smoking licking blaze conquered before it could eat through the thin plank walls. Perhaps everything was so scorched and blackened until the entire stock would be considered ruined, and the same may be true of most of the building. If the building should be unsuitable for rebuilding, a reconstruction would be of material to conform to the fire zones.

Fortunately, Hamlin's fires recently have been controlled to the point that the penalty on insurance will not mount so high.

Mrs. Horace McGee Dies In Fort Worth

Mrs. E. T. McGee and her daughter, Mrs. Burns Eakin, were called to Fort Worth Monday because of the death of her daughter-in-law, Mrs. Horace McGee, who had undergone major surgery the previous Friday.

Mr. McGee, who formerly lived in Hamlin, has been employed with the Katy Railway Co. in Ft. Worth for several years.

He and his wife have visited in the home of his sister, Mrs. Burns Eakin and family a number of times and he has many friends here who sympathize with him in this sorrow.

Mrs. H. L. Hicks returned from Oklahoma last Friday after attending the burial of her husband at Claremore. The Herald carried the information of the death of Mr. Hicks, last week. Up to that time all news was more or less uncertain. The authorities in Oklahoma City ordered an autopsy to try to determine the exact cause of death. At first it was reported in Hamlin that he was found in his car dead from gun shot, but that was not the case. His body was on the ground by the side of his car in a park and there were different opinions as to the cause of death. Indications were that he had been dead about twenty-four hours. No indications of any violence or robbery were reported. The man's picture appeared in the Oklahoma papers and they showed the man to be pleasing and business-like in appearance. Mrs. Hicks and two children are still at the home of her mother, Mrs. J. O. Parker on Jackson Avenue.

Mr. and Mrs. Geo. Beavers, Jr., of Waco, spent the past week end with their parents, Rev. and Mrs. Geo. Beavers.

Fire Damaged Cotton Sells For \$41,500.00

Perhaps the largest single sell of cotton ever to take place in Jones County took place in Hamlin last Saturday when nearly 1,400 damaged bales were sold to the highest bidder. \$41,500.00 was the sum total buy, according to reliable reports. Firms from the Atlantic to Dallas had a part in the deal.

This cotton was that stored by the Harden Storage and was a salvage from the fire that destroyed the warehouse, and blackened every bale.

The amount received for the cotton was about 40 per cent as per the current prices at the time of the fire. But when you consider the price of the cotton back when it was first stored, the amount received by the Insurance Co. was nearly the full value of the cotton then.

Had the 1400 bales been a total loss, the cost of insurance in Hamlin would have been extra high for the next few years, to pay it back, but with a salvage of more than 40 thousand dollars, the cost to the city will not be felt so badly.

In this week's Herald we reproduce a letter from the State Fire Dept. congratulating the Hamlin Fire Dept. on their good work in fighting the cotton fire. In fact, this great salvage from such a big fire is so unusual, that Hamlin's record should stand out for many years as what can be done, if you have something to fight with, and have the grit and determination to use plenty of water. Water was what saved the cotton. Even after some of the cotton was loaded in box cars for shipment to reconditioning plants, another blaze started, hence it was a fire vigilance to the rolling away of the blackened bales.

Anson Man Starts Butane Service Here

Milton Marks, proprietor of the Butane Appliance Co. of Anson, was here Monday to arrange for opening of a Butane Gas System store in Hamlin.

He secured a building in the block just north of the Bakery. R. H. Rowland, a brother of Cass (P. M.) Rowland, is in charge. He is not altogether a stranger in Hamlin, and knows most of the people in this part of the county. He will service all Butane Gas Systems in this section of Jones, Fisher and Stonewall Counties.

Maybe it is not out of place here to tell you that Butane Gas is often called "bottled gas" and already many of the best rural homes have the system and find it not expensive and very satisfactory.

DOCTOR'S ANNOUNCEMENT

I will be in my regular office on Central Avenue, in Hamlin, for an indefinite period, beginning Monday, September 8.

GEO. D. THURMAN, M.D.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

Two Years of War—

Last week brought to an end the first two years of Hitler's wars. Up to this hour, America (the USA) has been actively preparing one year to tell anybody to stand back. What has been accomplished is too much for many people to estimate, yet we are still far from what we feel is safety, should circumstances call our boys into actual combat. We know most of us lived through the past twenty or more years feeling that this nation would never be called upon to assume world responsibility as far as arms were concerned. The mess the United States finds herself compelled to live with, is none of our making, but maybe our negligence or lack of farsightedness has been responsible.

—T & T—

ON THE WAR FRONT, this week, the strange war is still raging, and if possible, getting more savage. Humanity is experiencing strange emotions these days. Till about 60 days ago, most thinking Americans were talking in distrustful terms about the Russians. Now most anxious Americans want to see the Russians hold out and whip the whiskers off old Hitler and his three

or four millions of fighting Huns. This week we find Russia slowly backing up and dealing death to the Germans as well suffering a like fate to their own people and towns, public industries, bridges, homes and women and children. Rains in Russia and the fast shortening of the summer days into one long dark night is bringing some relief to Russia.

This week, once again England has taken an advance step to ward off the encroachment of the Germans from a small but useful country. After nearly two years the English have found that they too can invade a small country to "protect it." That is just what took place in Iran Sunday when Russia and England sent troops into that little country of Asia Minor to keep the Germans out of the great oil fields and stop them from advancing towards the Persian Gulf and India.

Last week will be remembered because the great Prime Minister, Winston Churchill of England made an historic speech, and made clear how his great empire will collaborate with the United States in creating out of this world's crazy fight, a world of peace and honor for all nations alike, this time by retaining the power that compels—modern arms and navies—within the hands of a couple of nations who will not misuse such power and will respect the rights of the smallest and poorest nation. There will be a disarmament but the first to be disarmed will be those nations who first proved themselves dangerous with arms. The next peace table will need but two men, one representing the English Empire and one the United States of America.

THIS WEEK still finds the American people trying to make heads and tails of what they hear about "Where We Are At." Some Hamlin folks who have been so fortunate or

maybe unfortunate enough to get off on a vacation, have returned and tell things with expressions of alarm. It seems that there are varied feelings in the various other sections of this nation as to the dangers, the security, the welfare of the United States.

On one hand we hear that production of defense materials are ahead of schedule, and maybe the next thing we hear is that we have an army and nothing to fight with. Then we hear from our leaders that we are no nearer to war than a few weeks ago. Now what are we to believe? Let's remember that last year in the great campaign both the Republicans and Democrats were saying, "Let's furnish England everything she needs so she can do the fighting and keep America out of the war." We also heard that we WILL NOT GO TO WAR unless somebody attacks the United States. That was a safe bet. Who is crazy enough to jump on the United States? Germany learned that lesson back in 1916-17 and wound up in a mess. Still, anyone can say this country is NOT going to declare war on anybody unless that somebody starts it on us. So with all this feeling in our ranks, we may expect uncertainties, and quite a bit of bickering, and slander, one party upon the other.

THIS week finds the United States increasing its output of war materials for herself and for anybody who fights Hitler, regardless. We may be forced to use some of our own guns, but most Americans want the other fellow to do the gun pointing.

—T & T—

Fire Prevention Week—

Each year in October, Fire Prevention Week is observed by proclamation of the President of the United States. It is a call on the citizens of this country to reduce loss of life and property by fire.

That week is always important. This year, with the country engaged in the greatest defense drive in all history—a drive which means that a large part of the human and material resources of this country must be turned to the gigantic task of making us militarily impregnable—the week is a hundred times more important still. It has been said many times, and it should be said many times again, that fire is the enemy of defense. Fire is the waster, the implacable destroyer of time, of human effort, of life, of resources. Fire fights against the swift production of airplanes and cannons and battleships and tanks. Fire fights against the nation's safety.

In the past years, it has often happened that fire losses have gone down during the week and the period immediately following, only to rise sharply thereafter. In other words, we Americans have had short memories. The lessons learned during the week were quickly forgotten, and we lapsed into our old careless, thoughtless habits.

That must not happen now. We must regard every week as a fire prevention week. We must regard every day as a day in which to keep in mind the hazards that breed fires and the means of eliminating them. Only if that is done, can fire, our ever-present foe, be beaten. The war against fire is a war for American safety in which every one of us can play an aggressive part.

Visit the Herald and tell us your troubles—we also want your business.

Grapes For Jelly Days

—By Frances Lee Barton—

THE jelly days are never over until a plentiful supply of grapes has been transformed into jars of luscious jelly—the kind that always goes before winter is over, no matter how many jars we make. Venison jelly (made from grapes) is an ideal gift for that ill friend, or that well one; ideal for the church supper; ideal for the family table.

Venison Jelly

(Using fresh grapes)
4 cups (2 lbs.) juice; 7 cups (3 lbs.) sugar; ½ bottle fruit pectin.
To prepare juice, stem about 3 pounds fully ripe grapes and crush thoroughly. Add ½ cup apple vinegar, 1 teaspoon cloves, and 2 teaspoons cinnamon. Bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard ½ minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 11 glasses. (6 fluid ounces each).

Chain Stores Join

Selling U. S. Defense

Savings Stamps

More than a thousand chain stores in Texas became agents of the U. S. Government in selling national defense savings stamps today, it was announced by P. C. Marlow, manager of the Safeway Store here.

"The chain stores want to make the purchase of stamps easier for persons who do not customarily go to banks or post offices," Marlow said.

In making plans for putting defense stamps on sale at the chain stores, company executives worked out the program with federal officials in charge of the sale of defense savings bonds and stamps in Texas and with the state savings staff, on which Charles F. Markham of Stamford is Jones County chairman.

"Chain stores can reach a class of people who can't be reached through the banks or post offices," Frank Schofield of Austin, Federal Administrator of the sale of defense savings bonds and stamps in Texas, said.

C. B. Roberts of Dallas, president of the Texas Chain Stores Association, said that chain store co-operation in the sale of defense savings stamps was requested by the U. S. treasury and first tried out in Michigan, where more than 12,000 chain units and independent stores are now selling the stamps. Many stores in Michigan are selling more than a hundred dollars worth of stamps a day, he said.

Texas chain store companies which are selling defense savings stamps and will have them on sale at their counters regularly hereafter include Safeway Store of Hamlin.

Hold Your Tongue

(By W. L. Cash)

Life is too short to be wasted in saying things about other people. Did you ever try to go a whole week without speaking unkindly to anybody?

It isn't easy. It is astonishing the number of harsh things we say without actually meaning to make others uncomfortable.

Most of us are too critical in our attitude toward others. We criticize others for doing certain things when, half of the time, were we in their place, we would do exactly the same or worse. You can never tell what you would do.

Try to take a generous view of other people's actions; even if you can't bring yourself to think kindly. At least, control your tongue. It is merely a matter of habit. You get in the habit of making spiteful remarks without realizing how much harm it does you. Just try the scheme of refraining from unkind criticism. Try it for a week, anyway. It can't hurt you and it may do you a whole world of good.

O. D. Conner and wife and children from Camp Wolters, came up Saturday for the week end with his parents, Mr. and Mrs. Tom Conner. O. D. is in the Regular Army with eleven years service and has enlisted for four more.

Mr. and Mrs. Gaylon W. Robertson and baby, Sue La Nell, of Ranger, came up Sunday to spend the Labor Holiday with their parents, Mr. and Mrs. T. C. Robertson.

Mr. and Mrs. R. S. Johnson and children La Verne and W. T., returned last Thursday from a trip to Ruidoso and the White Sands National Monument in New Mexico, and El Paso plus Juarez.

Keeping busy?

Yes Sir! We've got a bigger job these days

We're building telephone systems at army cantonments, navy bases, munitions plants—wherever they can use us to speed the job.

And building new lines to these bases... sometimes stringing them hundreds of miles to places that used to need only one or two circuits.

Between jobs for the government... we're adding whatever equipment we can get to our network of lines and central offices in the Southwest...

While this emergency lasts... on the biggest job we've ever tackled... we're doing our level best to serve the nation, and serve you.

Mr. and Mrs. J. P. Bingham, Mr. and Mrs. Charley Bingham and son, Mr. and Mrs. Buster Bingham and Miss Ola Fay Faulkenberry, attended a family reunion at Buffalo Gap the past week end.

Mr. and Mrs. M. L. Haught and family spent Sunday with their daughter, Mrs. Clarence Hill and family at Hitson.

Mr. and Mrs. J. A. Holden were called to Lubbock last week on account of the death of his sister.

J. C. Holden, a missionary from South America, spent last week in the home of his parents, Mr. and Mrs. J. A. Holden.

Miss Polly Kelley and Mrs. Albert Haught attended an all day Singing at Cross Roads Sunday.

Mrs. Albert Haught with L. P. Cozzen of Lamesa, Mr. and Mrs. L. E. Cozzen of O'Donnell, Mrs. J. E. Killen of Rotan, and Mrs. Vaden Lester of Neinda, spent a part of last week with their parents, Mr. and Mrs. L. F. Cozzen and family at Tulia.

Wanda Faye and Jerry, children of Mr. and Mrs. Theron Bingham and Bobby Gene, son of Mr. and Mrs. Charley Bingham, had tonsil operations Tuesday.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship Service, 10:50.
Intermediates and Young People, 7:15 P. M.Evening Service at 8 o'clock.
The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock to begin their new Mission Study.Regular Meeting of the Board of Stewards Monday night at 8 o'clock.
Mid-Week Service, Wednesday night at 8 o'clock.

Now that summer vacation times are over, may we begin a new interest in Sunday School and church attendance. We will begin a series of Rally service on Sunday the 14, running through Sunday the 21st. We want to rally our forces in a grand way for the glory of God and the advancement of His Kingdom. Won't you help us? Our enthusiasm for the church should never lag. May we begin now to enlist every Methodist possible in Sunday School and church attendance?

The pastor's sermon Sunday in connection with the Communion is to be: "The Lord's Supper." Sunday night he is to preach on: "The Coming of the Glory of the Lord." Special music is to be rendered.

We welcome visitors!

The Rev. James E. Harrell reports a great revival closed last Sunday night at O'Brien, where he helped Rev. Lloyd Hamilton for 10 days. There were 26 conversions and reclamations. One young man surrendered to the call to preach. Old time shouting was heard in several services. The church was greatly revived. Bro. Harrell was asked to return for a revival engagement next year.

**A De Luxe
Dish**

By Frances Lee Barton

"D E LUXE," according to the dictionary is something "specially elegant, sumptuous or elaborate." The de Luxe Lemon Pudding (see recipe below) is certainly not an elaborate dessert, but the flavor is sumptuous and thus its name. Easily made, economical, healthful, light, very tasty — what more could one desire even in a "de Luxe" dessert?

Lemon Pudding de Luxe

1 package lemon-flavored gelatin; 1½ cups hot water; ¼ teaspoon salt; ½ cup sugar; ¼ cup lemon juice; ½ cup heavy cream.

Dissolve gelatin in hot water; add salt, sugar, and lemon juice. Chill until cold and syrupy. Fold in cream, whipped only until thick and shiny, but not stiff. Turn into large serving dish or individual molds. Chill until firm. Serves 6 to 8.

May be served plain, with crushed fresh raspberries, or with blueberry sauce.

DOVIE NEWS

By Opal Parker

Our revival closed Sunday night. We had a good revival. There were eight confessions and three were baptized. Everyone took a big part. We had good prayer services every night and a large number of boosters.

The League had a Union meeting Tuesday night at the church. Those who were represented were Hamlin, Anson, Roby and Dovie. After the games and service, refreshments were served ranch style. Everyone had a nice time.

Mrs. Ida V. Cooley who has been playing for the meeting will return to her home near Lubbock this week. Our pastor, Rev. Alvis Cooley, will go to Abilene Monday where he will attend McMurry College.

Mr. and Mrs. Dan Swendall returned Friday morning where they had been visiting her mother.

Miss Virginia Lee Cooley has been spending the week with her sister near Radium who has been on the sick list.

The Dovie School will start Monday, September 8.

Card of Thanks

We wish we had words to express our sincere thanks to our friends who so kindly rendered aid in any way after we received word of the death of our dear brother, Howard. Thank you for the beautiful floral offerings. Thank you for every act of kindness. Thank you for the service given in placing him to rest. All this helped us to bear the burden. May God bless you and comfort you in times of sorrow.

**Howard Bessire Died
In Tulsa, Oklahoma**

Howard Bessire passed away on August 26, 1941, in Tulsa, Oklahoma, and was brought to Hamlin for burial, which was on Thursday following his death.

Charles Howard Bessire was born February 10, 1900, and died August 26, 1941. He was 41 years, 6 months and 16 days of age. He came to the Hamlin community when a child and lived a number of years in the Dovie community east of Hamlin.

He is survived by his father, two sisters, six brothers. His father, E. J. Bessire of Lamesa, was unable to attend the funeral. All sisters and brothers attended. They are: Mrs. Jessie Burleson, Knox City; Mrs. Gordon Payne, Wichita Falls; The brothers, R. E. Hamlin; Ernest, Coleman; Preston, Vernon, Claude, Hamlin; Alton, Levelland; E. J., Jr. Kilgore. He was preceded in death by his mother and one brother.

Besides the above named families, other relatives who attended the funeral were Mr. and Mrs. Milton Bessire, Dallas; Elmer Burleson, of Rochester, and Morris Bessire of Kilgore, nephews of the deceased. Pallbearers were R. L. Goodgame, O. L. Cohorn, L. B. Holden, R. H. Cooley, Emmitt Jenkins and Wade Green.

Interment was in Hamlin East Cemetery by the grave of his mother and brother.

Services were conducted by Rev. T. K. Malone and Rev. Alvis Cooley.

The body was conveyed to Hamlin by the Harold Bailey Funeral Home of Tulsa, Oklahoma, who remained to direct the funeral.

Corporal Robert Bryant of the 180th Inf., 45th Div., came Monday from Mansfield, La., to visit his wife, formerly Miss Bertie Lee Stice, and her parents, Mr. and Mrs. O. M. Stice and family.

Miss Mary Beth Moody left Friday to resume her position as primary teacher in the Quanah public schools. She was accompanied by her parents, Mr. and Mrs. J. E. Moody.

Orange \$17,826.00

Blue 13,696.50

Total, Orange & Blue, \$31,522.50

Yours very truly,

Billie R. Cearley,

Issuing Officer

Mrs. Hal Rasor, who had been in the Stamford Hospital from an operation, the past several months, was able to be returned home Monday. She is fully recovered except perhaps it will be some time yet before she will be able to walk much.

Mr. and Mrs. Curtis Thurman of Seymour, were here Sunday and Monday to visit Mrs. Thurman's brother, O. G. Harvey and family.

W. C. Russell, cashier of the Hamlin Farmers and Merchants National Bank, is spending the week in Austin, attending the third annual Texas Bankers Educational Conference at the University of Texas.

BAPTIST CHURCH

A new associational year will begin next Sunday. Loyalty month for men will also begin. Therefore, this should be an incentive for all to be in the services. Women and girls should want to start the new year right; men should want to start the new year right and help the church make loyalty month for men mean just that. We hope every Baptist will be found in his place.

The past year has been a very good one. A hurried check shows that 88 have united with the church during the year. About half of this number has been for baptism. Our Sunday School, on an average, has been above any average of recent years. For these things we give thanks to God, but we are so conscious of the need of greater enthusiasm and loyalty to His cause. We have been playing at the job, in comparison to what we should have been doing.

It has been a privilege to have been pastor of the church during this year. I have learned a few things, and trust that I may be a better pastor in the days ahead.

Hope to see you all Sunday.

H. E. EAST, Pastor

Mrs. Tom Routh had a major operation in the Stamford Hospital last Friday. She is recovering satisfactorily, however, her condition following the operation required a blood transfusion, after which she gained strength rapidly.

Light on Sea 'Talks' to Noise in Sky And 84 U-Boat Victims Are Saved

HOW eighty-four men and women, most of them clinging to life rafts after their torpedoed ship had sunk, were saved by three men who never saw them—did not, in fact, know of their existence—and who have never been identified by the survivors, is one of the new stories to come from the "Battle of the Atlantic."

The story is told by Arthur Strickland, crew member of the ship, and others of the crew who have arrived in this country. The stricken liner was the "Narissa," of 5,500 tons, bound for a British port. At ten-thirty at night a Nazi submarine sent three torpedoes into the steamship in quick succession, breaking her in two and sinking her in less than five minutes.

"She was racked so badly by the torpedoes and sank so fast that the lifeboats were almost useless," Strickland says. "Six of them were smashed or caught in the davits and one capsized. Only one was launched successfully."

Thirty survivors were in the lifeboat that remained upright. Fifty-four people were in the water clinging to the rafts or afloat in life belts, trying to keep together. They were in a bad fix. The rough water washed over them and knocked them about continually. Even the thirty who were better off had all they could do to head the lifeboat up to the seas.

"There was no sign of a ship anywhere and not likely to be. In this way things dragged on for four hours. About two-thirty in the morning we heard an airplane off to the west. It didn't sound like a British plane. It could be a German one—God forbid! But after some argument we decided to chance it with a signal if it ever came near enough."

"It passed somewhere above us, but we never saw it. I had a flashlight that had been loaded with fresh batteries and I pointed this up toward the sound, trying to

Arthur W. Strickland

signal our distress. The plane went on eastward.

"After six more hours—at eight-thirty that morning—a British destroyer came up and took us all on board. Later the commander told us what had happened. The plane was an American bomber being 'ferried' to England. Its crew sent out a wireless message that they had seen a bright light, and gave its position. The destroyer picked up the message and came around to investigate—and there we were."

Strickland thinks the British Admiralty knows who the bomber's pilot, navigator, and wireless man were. But the Admiralty doesn't talk.

"Whoever those fellows in the plane were," Strickland says, "we'd just like them to know that we are thankful for what they did. I and eighty-three other people owe our lives to them."

Pictures of Cotton Fire Convince Commissioner

Austin, Texas, August 26, 1941
Mr. Weldon Hudson, Fire Chief
Hamlin, Texas
Dear Sir:

Mr. Baine Satterwhite came up to the office yesterday and brought us the kodak pictures that you had taken of the recent cotton fire that you had in your city. From the looks of things you certainly did a nice piece of fire fighting in keeping this fire confined to the premises and in saving the amount of cotton which you did.

May we take this opportunity to compliment you and your Fire Department upon the excellent work that you did in fighting this fire? Evidently the new pumper is back in service again and the help due to this equipment was of high value.

We shall appreciate hearing from you further in regard to the situation as existing at the time of our recent inspection.

Assuring you of our co-operation at all times, we are

Very truly yours,
Marvin Hall, Commissioner
By L. B. Newsom,
Assistant Engineer

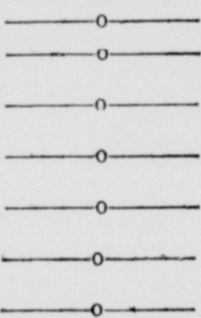

LET GO THE ANCHOR!

The politician prided himself on his oratorical powers. He was describing the needs of the country and used the metaphor of the ship drifting and going to pieces on the rocks. A sailor in the audience was deeply interested.

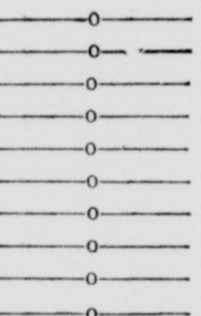

"The waves dashed over her!" bellowed the speaker. "Her sails are split. Her yards are gone! Her masts are shivered! Her helm is useless! She is driving ashore! There seems no hope. Can nothing be done to save her?"

The sailor rose in his seat, his eyes wide with excitement.

"Let go the anchor, you lubber," he shouted.

WHEN YOU DON'T RENEW!

The "American" Way

If it really comes to a fight no people on earth will go into that fight with more unity and determination than the people of the United States. We consistently refuse to take anything seriously, until we are pushed with our backs to the wall. Then we really get mad and go to town. It's about time we realize that we are in a fight and began to get mad and pull together. The sooner we do that the less chance there is of our country becoming involved in a real "shooting war."—Chittenango, N. Y., Times (Dem.)

Dr. Frank Johnson and wife tell the Herald that so many items have appeared lately as to where Dr. Frank is to finally settle down for practice, and that new items again appear till it is a little embarrassing. First after coming in from Washington, he was given a position with the State Health Department and there his duties did not call for much real practice, then a place was offered him in the Big Spring State Hospital, and again his field was restricted . . . so the latest news is that Dr. Johnson is now really settled. He and Mrs. Johnson moved their household goods to Rotan last Saturday and Monday Dr. Johnson became a partner of Dr. Callan in the Rotan Hospital. There is no doubt but that the young doctor will get all kinds of cases, even into surgery. Congratulations, Rotan, as well as Dr. Johnson.

R. M. Myers and daughter Jessie, attended the Double Heart Rodeo that ended last Friday. Both Dad and daughter had a leading role and both came away with prizes, but far different. Mr. Myers was "pick-up man" and from the looks of what he brought back things got pretty rough for him. A bucking horse shut his eyes and collided with the one Myers was on and thus the "pick-up man" got something to bring home . . . a skinned head and a badly sprained foot and bruised leg. Now the daughter fared better, she was a representative of Hamlin and brought back a pair of girl cowboy boots for winning second in the sponsor contest.

The Herald this week is going to Mrs. B. P. Tinnin at Harrison, Arkansas. You see it is this way: Mrs. Tinnin wrote her husband, who is bookkeeper for the Neinda Gin, and who came back from Arkansas just two weeks ago for the gin season, that he had better send her the Hamlin Herald. And also you see she wants to hear all the Hamlin-Neinda-Boyd Chapel news and maybe learn something of Mr. Tinnin. So better look out old man. Mr. Tinnin has been with the Farmers Co-op Gin at Neinda for several years but seems to have moved off to Arkansas last spring, and the wife is taking care of the home affairs while the husband is back in old Texas.

Mrs. J. D. Farrow has a letter from her grandson, Jesse McAllister who is in Army training, saying that they had made him a corporal. This is a step up for any private soldier. And say, do you know it is more appropriate to say "soldier" than to say "selectee"? A selectee is a soldier, but NOT all soldiers are selectees.

Miss Lois Anderson left Wednesday to resume her school work at Crane, Texas. She is in the Home-making Department. Mr. and Mrs. Anderson accompanied her.

Spend ONE dollar for the Herald and make some one happy

Forrest Greenway is not only a dry goods salesman, but an aviator besides. Wednesday at the Rotary Club there had to be a substitute president, for Forrest was in Abilene taking an examination in flying. You may not know it, but Forrest has been taking flying lessons in Abilene for several months. Well, Wednesday he got a new experience. He had soloed several times before, but Wednesday his task was to take a cross-country try alone. He aired it down to Cisco, over cities and farms, then back up to Stamford, around by Anson and back to Abilene. Forrest said over the phone Thursday, "I'm all here." So another flyer is in the air over Hamlin. You see Forrest is expecting to go into training sometime when he is called and by knowing how to fly, he will get some advance standing in that branch likely.

Warren Adams left Thursday for Lubbock to enter Texas Tech. Warren has been with the Texas Co., Holly Toler's oil company, the past year and seems to like "oil" as he is to major in Petroleum Engineering at Tech. While away, he will receive the Herald and keep up with home folks.

Sgt. Harold Green of the Regular Army at Ft. Bragg, N. C., came in on Wednesday of last week to visit his parents, Mr. and Mrs. Banks Green. Harold has been in the Army two years. His brother, Billy Banks Green, is a Marine now in Iceland. Another brother, James, is in an airplane factory in Cabit. Harold is now a little past 18 years of age, and his brother, Billy Banks, is past 19, and the airplane mechanic, James, is past 21 years of age. These fellows are headed for good positions in their lines.

J. N. Beard had an enjoyable trip to Abilene Friday where he had dinner with his great niece, Miss Bennie Beard who is a student in Draughon's Business College. She accompanied him home for the week end.

Mrs. Nettie Williams visited her parents, Rev. and Mrs. Geo. Beavers last week while on her way to Dallas after spending some weeks with her sister in Kirk, Colorado.

Mrs. Z. T. Wilson and daughter, Bobby, returned last week from a visit in Ohalim, Nebraska, Denver, Colorado, Houston and Waco.

Mr. and Mrs. Lowell Ballew and little daughter, Jo Nita, of Waco, spent the week end here with their parents, Mr. and Mrs. J. S. Ballew and Mr. and Mrs. W. R. Wilkerson.

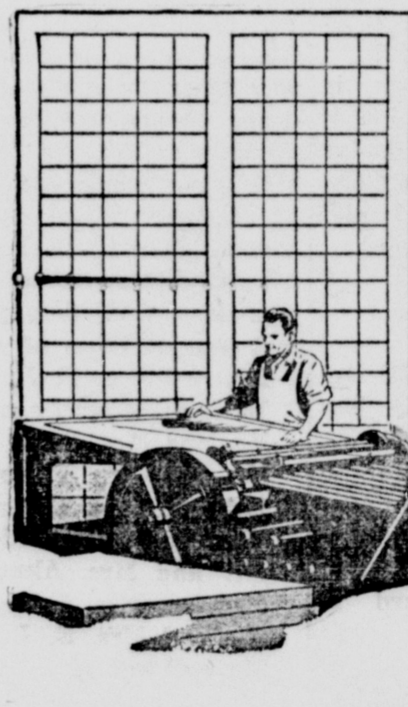

Mr. and Mrs. Coleman Gibbons of Fort Worth, were guests this week in the home of their parents, Mr. and Mrs. John Gibbons and Mr. and Mrs. Carl Greenway.

Miss Grace Johnson Married O. L. Whorton

The marriage of Miss Grace Johnson of Hamlin to Mr. O. L. Whorton of Aspermont, took place at the home of Rev. and Mrs. J. W. Griffin, in South Hamlin Saturday night in the presence of only a few intimate friends.

Mrs. Whorton is a daughter of Mr. and Mrs. Jim Johnson, residing a short distance south of Hamlin. She grew to womanhood in this community, is a graduate of the Hamlin High school, class of 1941.

Mr. Whorton is in business in Aspermont, where the couple will make their home.

Miss Anna Sue Lasseter Mr. Grannon Moorman Married In Anson

Mr. and Mrs. W. F. Lasseter announce the marriage of their daughter, Anna Sue, to Mr. Grannon Moorman of Arkadelphia, Ark.

The ceremony took place on August 31, at the home of Rev. Wilford, pastor of the Church of Christ in Anson.

Mrs. Moorman is a graduate of the Hamlin High school and also a graduate of Sellers Beauty School in Fort Worth.

Mr. Moorman is a son of Mr. and Mrs. B. F. Moorman of Arkadelphia, Ark. He is a graduate of Akolove, Arkansas High school and is now employed as Laboratory Technician at the Lou Foote Flying School in Stamford, Texas.

Miss Oleta Morris Weds Mr. Roy R. Nichols

In a quiet ceremony, at three o'clock Friday afternoon, August 29, Miss Oleta Morris, daughter of Mr. and Mrs. J. A. Morris of Hamlin, became the bride of Mr. Roy R. Nichols, son of Mr. and Mrs. W. W. Nichols, of Ava, Missouri.

The couple was married at El Paso. Only members of the immediate family were present for the ceremony.

The bride wore a soldier blue reple dress, with black accessories. The corsage was made of carnations and tube roses.

Mrs. Nichols was graduated from Hamlin High school with the class of 1940.

Mr. Nichols was graduated from Ava, Mo., High school in 1933, and until March this year had been employed by the Shell Oil Company.

He is now stationed in army service at Fort Bliss, El Paso, where he and his wife are at home.

The Herald anywhere, 1 yr. \$1.00.

Mrs. Perry Sparks Eastern Star Hostess

Mrs. Perry Sparks, Worthy Matron of the Hamlin Eastern Star, entertained members of the Chapter and their husbands in her home Thursday evening, August 28th.

The occasion was in memory of Rob Morrison, founder of the organization, who was paid tribute by Mrs. Otis Hopper, who gave an interesting sketch of his life and work. Summer flowers in varied hues were attractively arranged throughout the entertaining rooms.

As guests arrived they were welcomed by the hostess, Mrs. W. J. Poe directed them to the dining room where Mrs. Ira Clements served punch from an attractively decorated table. Mrs. B. S. Ferguson presented tally cards and Mrs. M. T. Hudson assisted them in finding their places at tables appointed for "42".

Following the games, a plate holding salad, sandwiches and cake was served.

Those present were: Messrs. and Mmes. Ira Clements, W. A. Albritton, A. A. Hackley, Otis Hopper, and Griffin; Mmes. Harvey, Ferguson, Hudson, Sauls, Ebert, Fizer and Chastain; Mr. W. L. Cash and Mr. and Mrs. L. B. Pribble, Miss Pearl Hudson, and Mr. and Mrs. Sparks.

Miss Louiema Williams And Mr. A. E. Robinson Married Monday Eve.

Miss Louiema Williams, daughter of Mr. and Mrs. Frank Williams, of Cross Plains, Texas, and Mr. A. E. Robinson, son of Mr. and Mrs. J. E. Robinson, of Tylertown, Mississippi, were married Monday evening at eight o'clock in the home of the pastor of the First Baptist church, Rev. H. E. East, with Rev. East reading the ceremony.

The bride wore a modish suit of soldier blue sheer wool with black accessories. Her flowers were talisman roses arranged in a shoulder corsage.

Attending the wedding were the bride's parents, Mr. and Mrs. Frank Williams; her sister, Mrs. Tom Vaughn, Mr. Vaughn and children; Mrs. J. S. Inzer and Mr. R. W. McCurdy.

Mrs. Robinson is well known in Hamlin, her family having lived here for a number of years. She is a graduate of the Hamlin High school and Parsons Beauty School in Abilene. After finishing her course in beauty work, she returned to Hamlin and was an operator in the Haines Beauty Shop. Recently she has been employed in a Variety store in Cross Plains.

Mr. Robinson was educated in the schools of Mississippi where he received a degree in Pharmacy. For a number of years he has been with the Inzer Pharmacy in Hamlin.

Following a brief wedding trip the couple will be at home in the Hackley Apartments.

Mrs. Wren Cozzens Honored At Party

The following article is taken from The Tulia Herald. Mr. and Mrs. Cozzens, for several years lived in the Boyd Chapel community, and moved to a farm near Tulia about two years ago:

Mrs. Wren Cozzens was honored on her birthday last Tuesday when Mrs. M. C. Wheeler planned a surprise party for her. Each guest attending the party brought a covered dish to the Cozzens home for the noon meal, and the honoree also received a basketful of useful gifts, including a set of silver.

Those present were the honoree, her daughter, Mrs. V. V. Lester and two boys from Hamlin; Mrs. W. J. Hardy, Mrs. Kate Carson and Mrs. Monroe McGlaun and Barbara, all of Tulia; Mrs. Wilson and son Bobby, Mrs. Fay Boyston, Marilyn and Lester, Mrs. J. H. Bice, Mrs. Webb Smith, Mrs. R. E. Lumpkins and Evelyn Jo, Mrs. M. C. Wheeler and Charlotte Ann.

Mrs. W. T. Hardy, Mr. and Mrs. E. E. Wheeler, Mrs. Simmie Vaughn and baby, Mrs. Cal Dickery and Betty Lou, Mrs. C. J. Hardy, Virginia Cozzens and the hostess.

Garden Club Notes

Garden club members have been planting Iris this week. In their collections they have included both the spring and the fall blooming Iris.

The dwarf Iris has been suggested as a pleasing substitute for the tulip, which has become hard to get because of war conditions in the bulb growing countries.

Any one desiring information where Iris rhizomes may be purchased quickly can see or telephone Mrs. Ezell, chairman of the civic committee.

Now is the time to plant seeds for spring blooms, hollyhocks, larkspur, pansies, etc.

It is always alley cleaning time. Many alleys are clean and neat and this cleanliness adds immeasurably to the appearance of the town. There is no excuse for a dirty, weedy, paper filled alley. Help make Hamlin a cleaner and more attractive town.

The club's next meeting will be at the Harden Hotel, September 12 at nine o'clock. It will be a meeting of importance so all members are urged to be present.

—Reporter

Miss Zelma Wilson has returned to West Columbia to resume her work as Art and Speech teacher in the public schools.

Mr. and Mrs. W. L. Hunter, Sr., were called to Waxahachie last week end because of the death of Mr. Hunter's brother. They were accompanied by Mr. and Mrs. W. L. Hunter, Jr.

Mr. and Mrs. Dan Bilderback came from Red Springs, Texas, on Thursday of last week to attend the funeral of Howard Bessire.

Mr. and Mrs. Bill Johnson and daughters, Misses Pauline and Billie Jo of Red Springs, Texas, came to Hamlin to attend the funeral of Howard Bessire.

Mr. and Mrs. Milton Bessire visited in the homes of his parents, R. E. Bessire and uncle Claude Bessire. Milton is a Junior in Baylor Medical College and is making his home in Dallas.

Mrs. Mitt Tidwell and daughter, Miss Nita, went to Vernon Sunday to visit her father and to be present for his birthday celebration.

Mr. and Mrs. Bill Johnson of Hobbs, N. M., spent most of last week in Hamlin with her mother, Mrs. R. M. Hudson and family. Bill was formerly City Marshall of Hamlin.

Rev. and Mrs. H. E. East and children visited in Hereford and other places in that section of the country this week.

Hamlin Couple Married In California

Mr. and Mrs. George Howard, of Hamlin, are announcing the marriage of their daughter, Fay La Verne to Mr. Paul Hubbard in Los Angeles, California, Friday, August 29. The wedding took place in the manner of the Rev. George Edwards, Baptist minister, who read the ceremony. The couple was attended by the bride's cousin, Mrs. Wilburn Fields, and Mr. Fields, of Los Angeles.

The bride wore a nut brown wool suit with harmonizing accessories, and a corsage of white gardenias.

Following the ceremony, the couple left for a brief wedding trip to Catalina Island before returning to their home at 12624 Inglewood Ave. Hawthorne, California.

Both Mr. and Mrs. Hubbard are members of pioneer families of Jones County, and both were reared in the Hamlin community.

Mrs. Hubbard is a graduate of the Hamlin High School and attended N.T.S.T.C. in Denton.

Mr. Hubbard is the son of Mrs. Gossett, of Brady. Following his graduation from the Hamlin High School, he attended Texas Tech in Lubbock, and Southwestern Aeronautical Institute in Dallas. He is now employed by the North American Air Craft Company, Los Angeles, California.

Miss Edwina Gilbert

Announces the opening of her Piano Studios with registrations Thursday and Friday, September 4 and 5th, and classes beginning Monday, September 8th.

Nation's Champion Drivers

Patricia Borman, 16, of Chicago and Kenneth R. Karr, 17, of Des Moines, Iowa, are the best young drivers in the United States. They won the title in the national finals of the Ford Good Drivers League at Dearborn, Mich., in which they competed against the champion boy and girl drivers of every state in the union and the District of Columbia. The young champions are shown with Edsel Ford, founder of the league, as he presented them with \$5,000 university scholarships. Left to right: Miss Borman, Mr. Ford, and Karr.

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Mrs. Laura Woods had a very pleasant surprise last Saturday when a sister and brother that she hadn't seen in eleven years, came for a visit. The sister, Mrs. Walter Stampely of Vicksburg, Mississippi, and the brother, Jess Walton of Baton Rouge, La. Mr. Walton has his wife and three sons with him and Mrs. Stampely was accompanied by two daughters, also of Vicksburg. Mr. Walton and Mrs. Stampely are first cousins of Mrs. Louis Rector.

Billie Pickron of Kelly Field was visiting over the week end with his parents in McCauley.

The Methodist meeting will continue throughout all this week and good crowds are attending every service.

Mrs. Luther Maberry and Mrs. Ellis Eivens made a trip to Stamford last Tuesday.

Mrs. W. F. Davison and daughters, Jewel, June and Frances, have been visiting in El Paso.

Women of the McCauley Baptist church went over to Highland home church for quarterly conference last Wednesday.

Mr. and Mrs. Sim Reeves of Balingier were visiting parents, Mr. and Mrs. S. E. Miers last week end. Mrs. W. L. Curry and daughter, Imogene of Cisco were visitors in the Miers home a few days ago.

To date, McCauley hasn't ginned a bale of cotton, but we hear that some of the farmers are likely to get out a few bales within the next few days. Even though the boll worms have damaged the crop to a certain extent, this community is going to make a good crop.

Mr. and Mrs. W. C. Jackson visited their son, Stanley, in Abilene one day last week.

Miss Mary Ann McCollum has been feeding out two Hereford calves and we learned today that she sold one this week for \$150.00, and who knows, Mary Ann may take some blue ribbons in the stock shows this fall and we wish for her the best of luck.

The big attraction at the Double Heart Rodeo was the horse races, and a little quarter bred stallion copped most of the money.

Frank Maberry, who lives in McCauley, is one of the best known breeders of registered Hereford cattle. Texas Special, the grand champion steer at Chicago a few years ago, was bred by Mr. Maberry and Sons. The Maberry ranch is located about five miles south of McCauley, however Mr. Maberry lives in McCauley and he feeds a number of calves at his barns through the fall and winter. In years gone by, the Maberry cattle took off many a blue ribbon at the stock shows throughout the United States. One of the most up-to-date homes in the county is that of Mr. and Mrs. Maberry, just off of McCauley's main street. Registered cattle are not the only livestock that Mr. Maberry is interested in. In fact, he owns a quarter mare which was judged the champion quarter mare at the Sweetwater show last year, and he owns an Arabian saddle horse that will take the eye of any horseman. And speaking of quarter horses, this quarter mare that was champion at the Sweetwater show, has got speed. We

know, for this scribe rode her in two races at the Haskell Fair when the mare was a two year old, and won both races in fast company.

O-O-O-O

From the speeches of the newly elected Junior Senator which we hear over the radio every Sunday we learn about the trees and the flowers and green grass that grow in the Nation's Capital. And we often wonder how the government managed to properly function all these years in the absence of the new Senator. Thus far, we haven't heard of a pussy-footing politician that has been kicked out of Washington. We expected to see a general house cleaning in the Capital just as soon as the new Senator could get there and get his hand bag unpacked. But so far it has been very quiet and from radio reports the birds sing just a little sweeter and the grass is just a little greener in Washington and the great rank and file of people in Texas, Beautiful Texas, have been left holding a sack. A fellow next door named his dog Lee'O. We think a lot of our puppy.

A DARDEN-O-GRAM.
